Did you hear? About the transfer student.
I heard that he's Director Yomikado's grandson, and that he's powerful enough to take on the Director himself!
Then, why is he in the VB Class for reserving power?
Well, that's because...
Like, he sent Koga-sen flying and then forcefully moved here!
Hehe
hehe
Ferocious!
He loves to torment demons more than anything else!
Hehe
heheh
Ee-eek...
OH! MY GOD!
HE'S FEROCIOUS!
Staggeringly!
Ehh...

Chapter 4 / Dead or Alive Academy

どよ

So he's the
demonic transfer student...
ざわ
I'll do more than just welcome you!
ざわ
I ain't got no intro,
but I've got confidence in my powers!
If any of you guys have confidence in your Astral, *come at me!*
チラ…
Meijirou!
You need to tell them that we came to look for the "Starlight Maidens!"
They're backing away from you!

Ah-
Oops.
You're free to pick your seat, so please go ahead and sit anywhere you like!
Please spare my life!
プルプルプル
Eeeeekk
I guess it was a bad idea to send that teacher flying, huh?
Yeah, since he's the second victim so far.
スタ
スタ
I guess I'll choose the farthest seat in the back.
Why look, everyone's kindly freeing up a seat for me!
Aren't they friendly?
They're avoiding you.
You should face reality.
How pitiful...
Whisper
He went to Kunibayashi-kun's spot!
Whisper

Well then,
we will start first period. Please turn to page 42.
ヴン

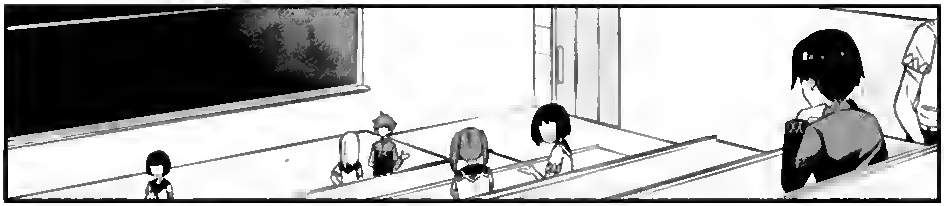
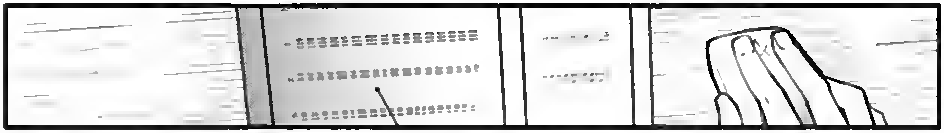
.....
Hey, you.
And I don't know how to get that screen to pop up, either!
じろ
じろ
That reminds me, I don't have any textbooks.

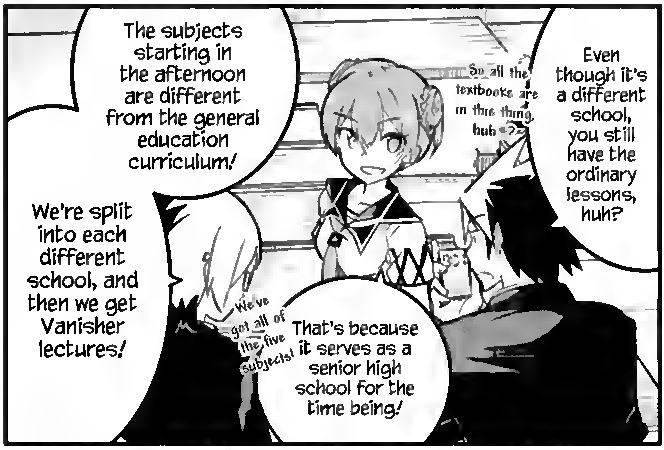
You've got it wrong!
Huh?
I'm so sorry! I'll rush there now and buy it for you in two seconds flat!
Did you want yakisoba bread?
What generation of a delinquent are you!?
The type you snuff!
Ahh!! So you wanted anpan instead!
You've got it all wrong!!

TL Note: Anpan means both an "anko bread roll" and "paint thinner"

We generally can't handle powerful first or second magnitude demons, though...
There aren't many Vanishers, so students get drafted into the Demon Subjugation Unit too!
We're in the same unit!
Are you an acquaintance of Mayori's?
Pleased to meet you!
Mhm!
"Unit"?
Guys.
Ehhhh!!
Even though you're a born natural, I wanna ask!
Meijirou-kun, which unit are you joining?
Well, I still haven't...
Ah-
Practicing her lines
You two. No... You two over there, whispering is... No no... I really appreciate your discussion, but please conclude...
Sensei's trying to warn you about your whispering but she's timid, so why don't you two talk later?

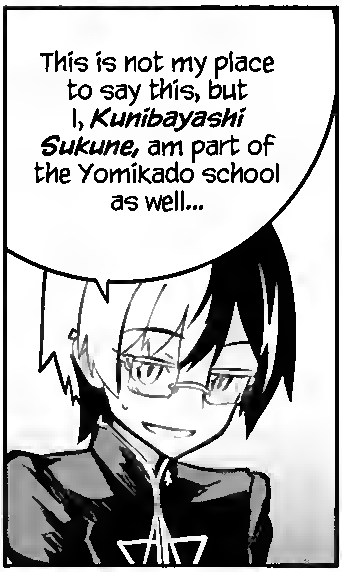


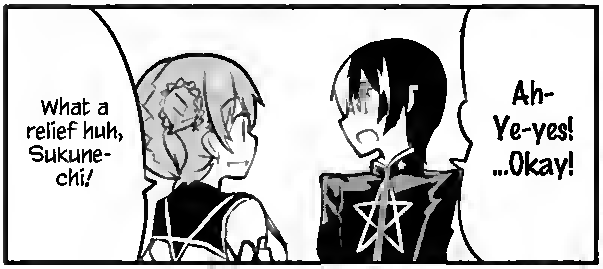




The subjects starting in the afternoon are different from the general education curriculum!
So all the textbooks are in this thing huh?
Even though it's a different school, you still have the ordinary lessons, huh?
We're split into each different school, and then we get Vanisher lectures!
We've got all of the five subjects!
That's because it serves as a senior high school for the time being!

TL Note: The five main subjects in a Japanese junior high (not sen or) are: English, mathematics, Japanese, science, and social studies.



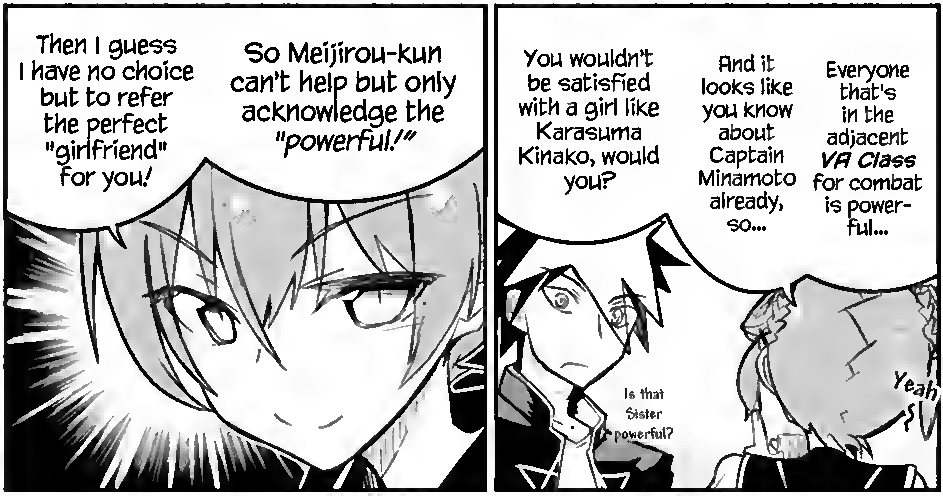


Nitori: I swear, this dude's gonna be a reverse trap with a sign on some lewd part of his(?) body. Calling it.

Your idea of a delinquent is pretty ancient.
Like hitting someone as a "headbutter"
I know! It's because adding a "er" onto a title means that person's a guy who beats people up, right?
So, why do you want to get to know powerful people?

"Big Sister!?"
I only specialize in girls, though!
Momone-san is the one who knows a lot about strong people!
Perhaps I should show you the Big Sister Candidates File!

TL Note: At the moment, we don't know whether Momoka has an older sister or not, so



Then I guess I have no choice but to refer the perfect "girlfriend" for you!
So Meijirou-kun can't help but only acknowledge the "powerful!"
You wouldn't be satisfied with a girl like Karasuma Kinako, would you?
And it looks like you know about Captain Minamoto already, so...
Everyone that's in the adjacent VR Class for combat is powerful...
Is that sister powerful?
Yeah

TL Note: In Japanese, the affix "ban" indicates someone responsible for guarding a person or place. E.g. Babysitter, shopkeeper. Suzune is implying that the person can "beat" someone up because they're a "guard." Coincidentally, the word 'headbutt' also has the affix "ban" in it.

Idiom "Standing like a Chinese peony, sitting like a tree peony and walking like a lily flower" means a woman's appearance and behaviour is as beautiful as a flower's but Momoka altered the last part of the idiom
She's the "Crescent Moon Princess Warrior" who shines in the battlefield,
Standing like a Chinese peony, sitting like a tree peony,
Kishiba Kasane-sama!
and fighting like a profuse cherry blossom!
That'll never work out for me
She's bustling about in the world of demon extermination, so she's practically never in the academy though.
What a horrible youth she has...
She can freely manipulate every sorcery in the world,
and it's said that her true strength surpasses the Vanisher teachers!
Listen! I heard she'll be returning today!

Momone-san loves strong girls!
Isn't her enthusiasm odd?
きゃーー
Being able to meet her after so long...
It's supreme bliss! A sight for sore eyes! Ultimate happiness!
That's right!
I enrolled in Dawnlight Academy because I wanted to get close to Kasane-sama!
Frankly, I...
I don't really care about "demons" or "world peace"...
I admire how you endeavored with that wholehearted-ness and got yourself into the unit together with the VA Class, being from the VB Class!
It's all love! Love!
I heard it's more impure for other wannabe Vanisher students though...
I hate training too, but it's for the sake of meeting beautiful and strong maidens!

Kindred Spirits
I totally get you! For the sake of our targets, there are paths we just can't avoid!
That's so true! We totally get along!!
That's of no concern to me though-
Are you doing a raid!?
N. O. No.
Maybe I'll go take a look at the next break.
That's good to hear.
So the VA Class is the powerful one then.

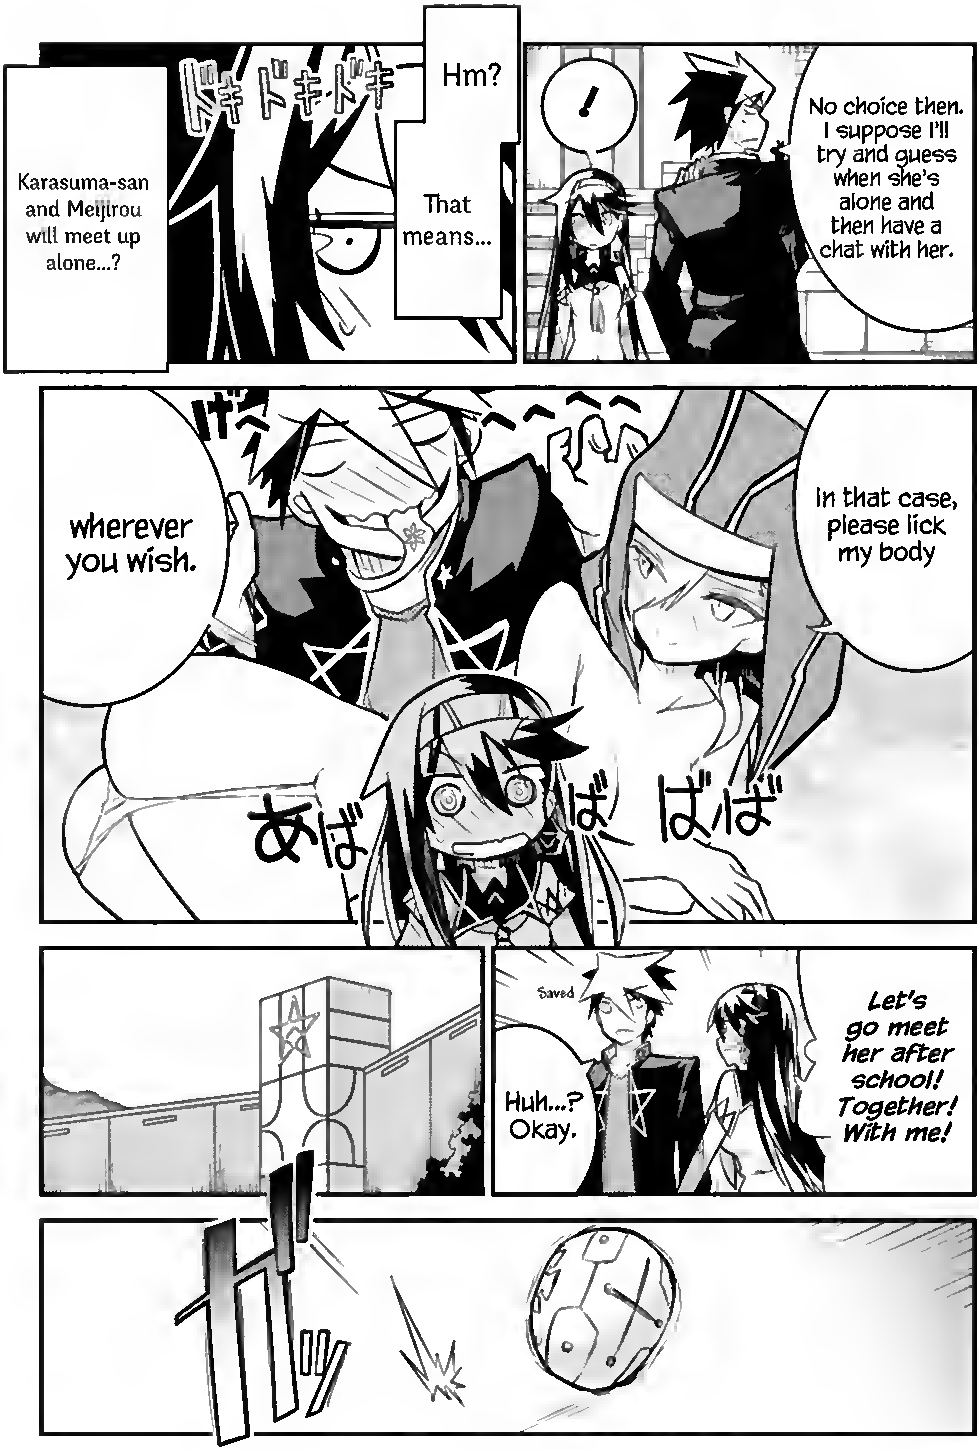
I'm a *righteous* high school student! Relatively, anyway.
Suits you, doesn't it?
I'm being treated practically like a wild beast, huh...?
Mayori! Just perfect.
What's the matter?
Meijirou!
So? What business do you have with me...?
Maybe they're dating.
Those two are calling each other by their first names!

Is Karasuma Kinako here?
No!
After something like that happened, I think my good impressions have been further diminishing...
That girl's Kogabata-sensei's favourite, so they're always together...
Hey, hey...
Um Umm
(My) life depends on it, so you told me you'd help me
Those guys have teachings like "help those in trouble," right?
I think you mean "Love thy neighbour."
Like, "If an apple shall smite thee on thy right cheek, it hurts."



Karasuma-san and Meijirou will meet up alone...?
ドキドキ
Hm?
That means...
!
No choice then. I suppose I'll try and guess when she's alone and then have a chat with her.
In that case, please lick my body
wherever you wish.
あば

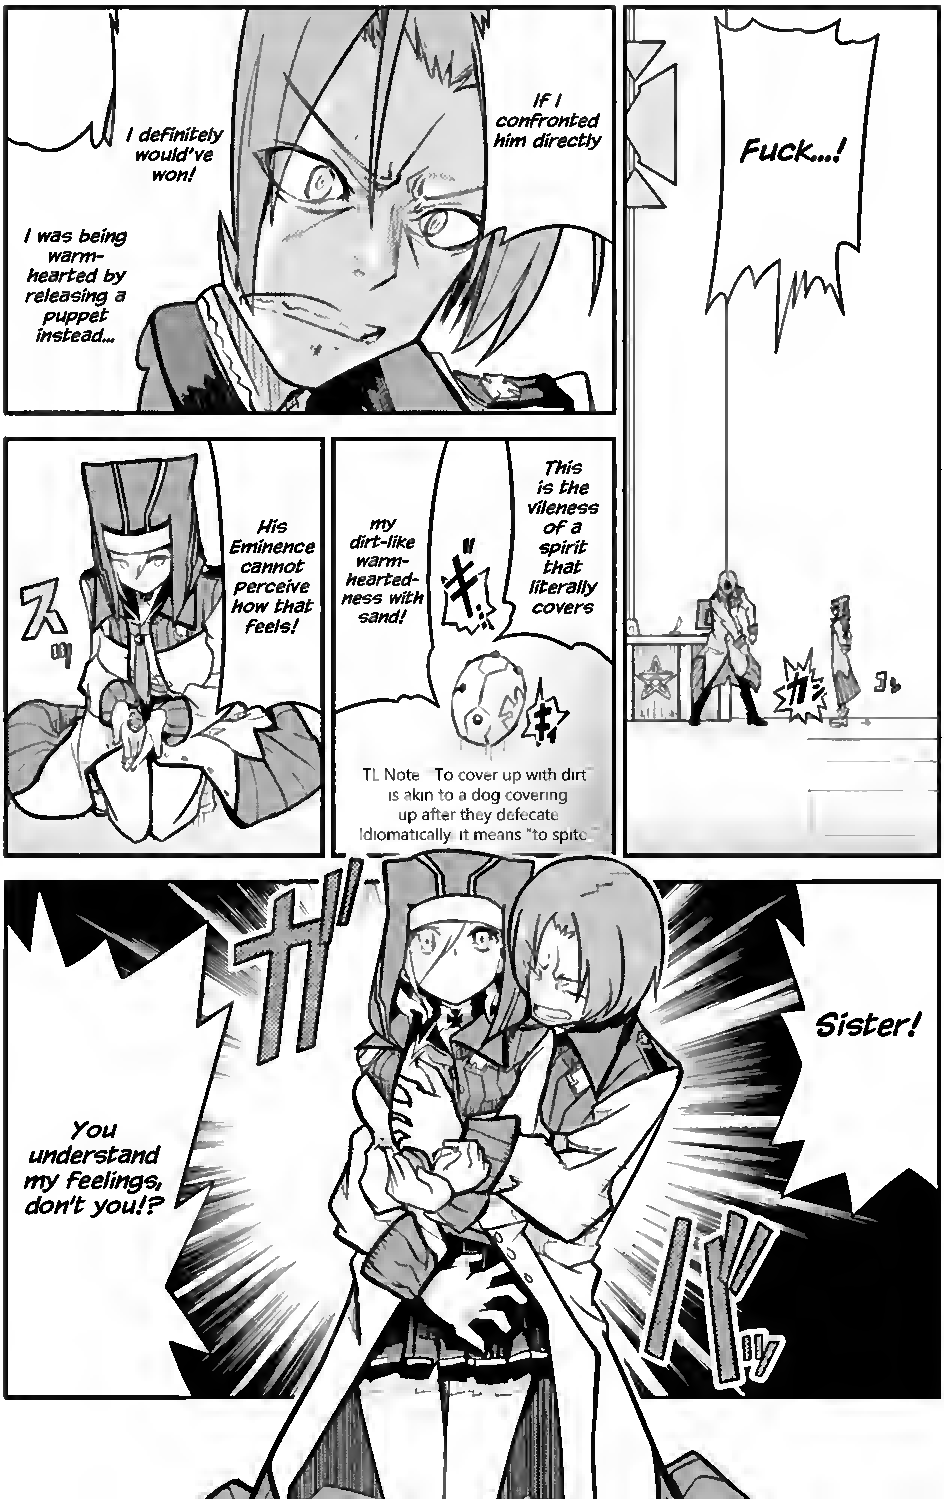
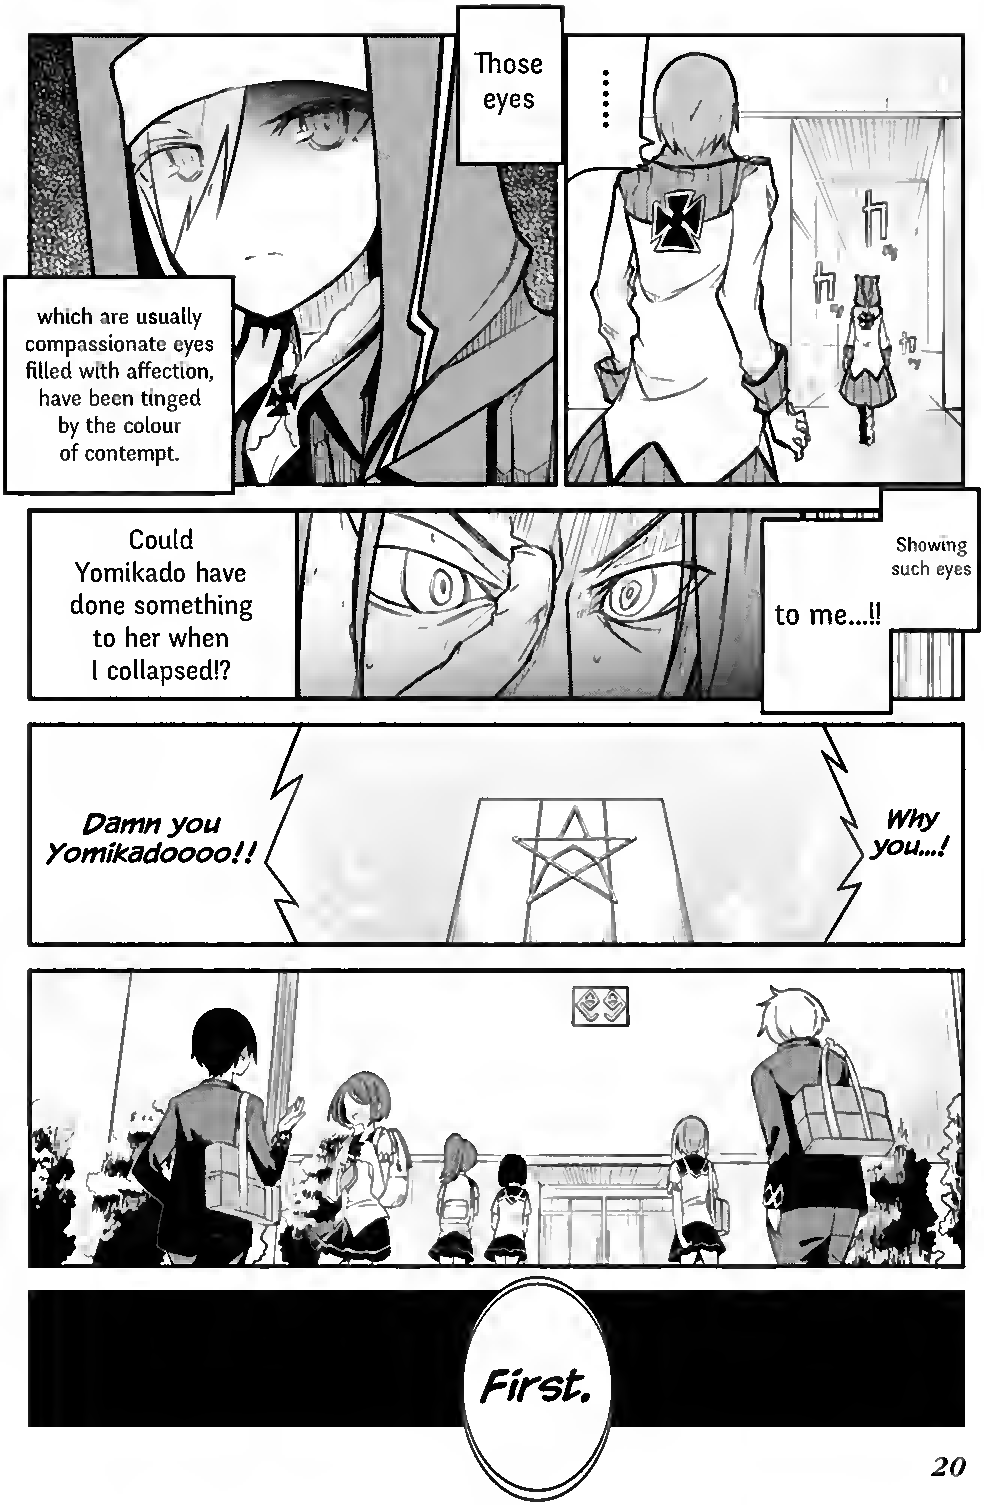
Saved
Huh...? Okay.
Let's go meet her after school! Together! With me!



I definitely would've won!
If I confronted him directly
I was being warm-hearted by releasing a puppet instead...
Fuck...!
His Eminence cannot perceive how that feels!
my dirt-like warm-heartedness with sand!
This is the vileness of a spirit that literally covers
TL Note - To cover up with dirt is akin to a dog covering up after they defecate. Idiomatically it means "to spite."
Sister!
You understand my feelings, don't you!?

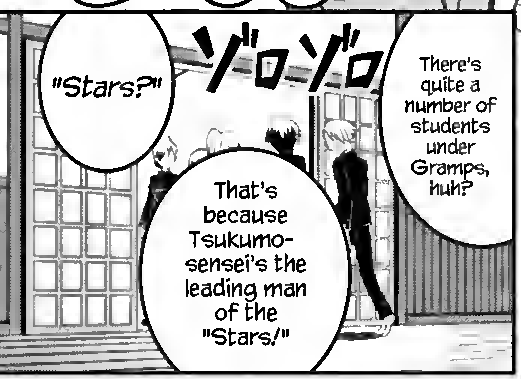
...That peasant...
That peasant... Even daring to toy with our God's spirit that's within His Eminence...
towards me...
at the very least...
I have an order to fulfill from His Eminence Sudou.
so may God bless you, Sensei.



Those eyes
which are usually compassionate eyes filled with affection, have been tinged by the colour of contempt.
Could Yomikado have done something to her when I collapsed!?
Showing such eyes to me...!!
Damn you Yomikadoooo!!
Why you...!
First.

Third. The body brightens, without shining the heart.
Second. The technique is repeated, piling up in the body.
The heart becomes clear, resounding into technique.

For the rest, please continue your study in tempering your Stars!
The PE-PF Class for self-defense will be in another room with Nagiyama-sensei!
Alright!



"Stars?"
ソロソロ
That's because Tsukumo-sensei's the leading man of the "Stars!"
There's quite a number of students under Gramps, huh?

Only when Tsukumo-sensei isn't here! (He practically never is, though.)
So Mayori's the sensei, huh?

Since a person who has a Star can easily make contact with demons,
辰星
people come to this academy seeking to become a Vanisher and to acquire their own means!
They're the spirits opened by the Astrai...
Commonly known as stuff like "having strong spirit senses" or having a "spirit medium constitution!"
Eh-
Gramps told me that "The books are a necessary evil to make money! Gahaha!" though.
I have to become a magnificent Vanisher like him!
Even I'm one of the guys who enrolled after reading Tsukumo-sensei's books!
I am going to teach you this.
"The Method of Manifesting Fire."
This is the fundamental of star tempering in the Yomikado school.

"Fire" is a power originally blessed from God.
Consequently, this is a training method that utilizes something which makes transferrence Astrals easy.
Pray to God,
offer your own Astral,
and borrow the power of fire.
This is called "manifesting fire."
おお～!
Spin your Astral
ゆ～?
in a way that doesn't burn the paper or make it drop.

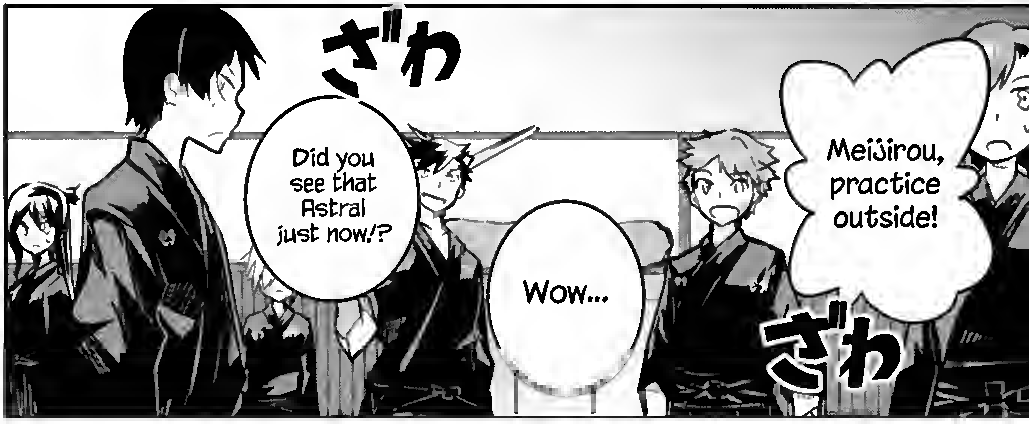
You are training to control the air flow using flames.
Paper
Air Flow
Gift
God
Fire
Offer
Astral
This is "The Method of Manifesting Fire".
Once you make one floor, make two and then three.
If your Star is tempered, the accuracy of your spinning rises!
Yes!
For first years, start practicing
until you can make three floors within a year!

This training's a lot more respectable than I thought!
You do it too, Meijirou! Don't skip!
Master Tsukumo said he gave you training, but...
...No memory whatsoever...
You should've been taught by Master Tsukumo as well, right?
When I was a young kid...
About 10 Years Ago
If you're talking about Gramps' training, then...

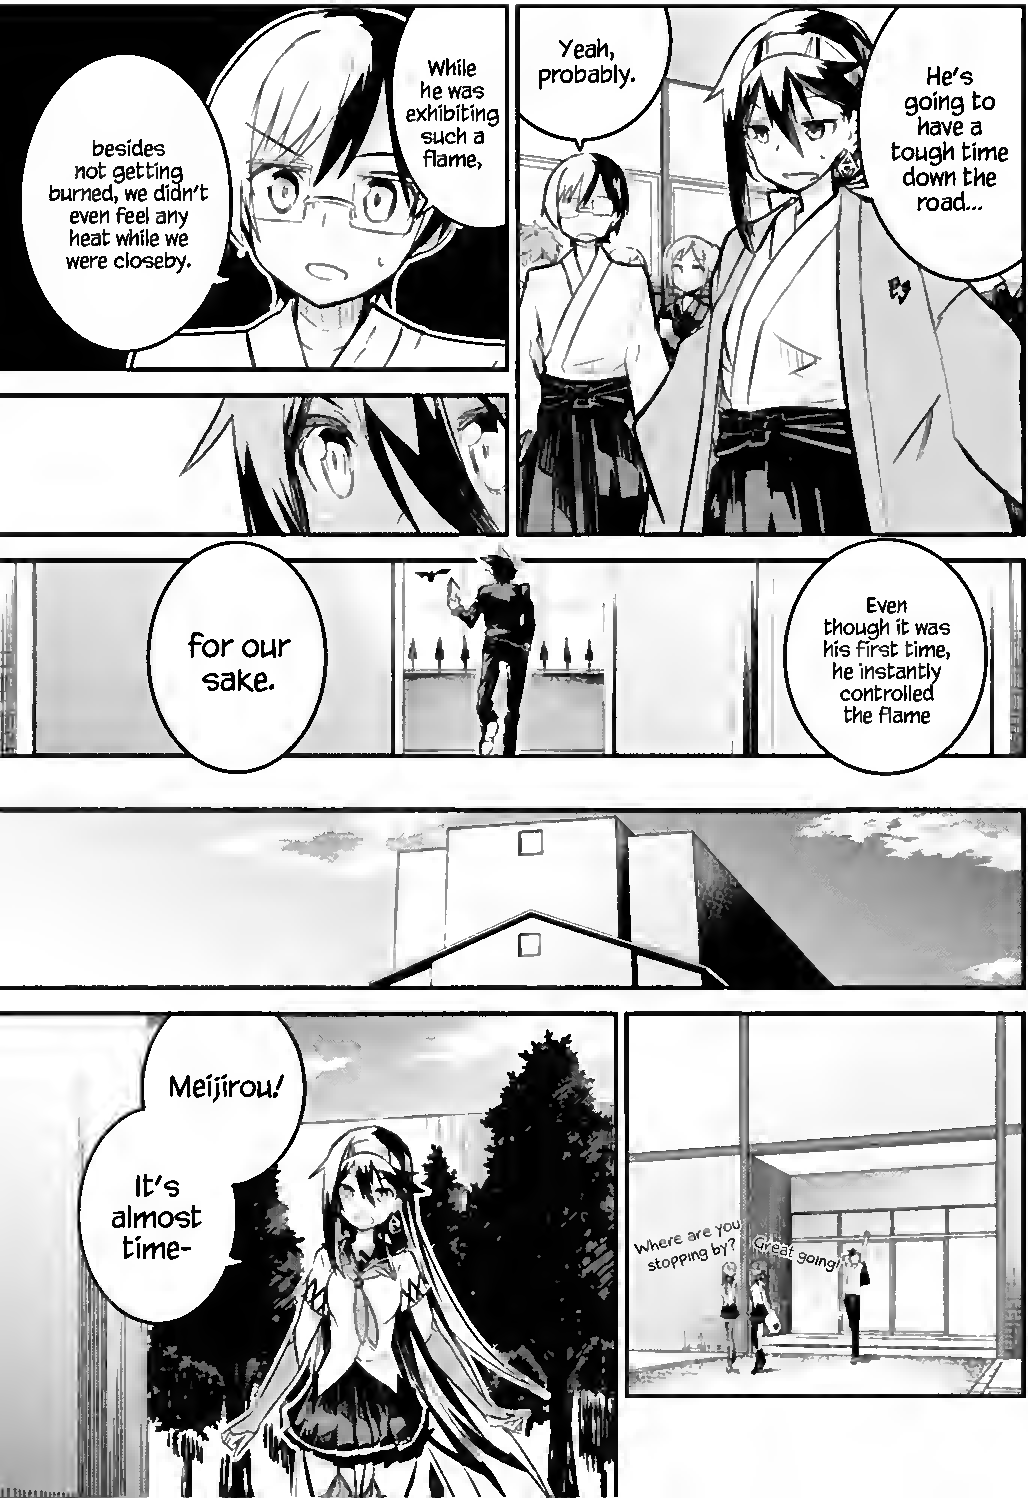
KICK
Ehh! It's amazing ggg
This is the Grand Canyon!
Grandpa, where are we!?
And then...
.....
Wahaha!
gggaaaahh!
Survive! This is Vanisher training!
ガシャ
Grandpa, what's this!? What's with this cage!?
ガシャ

You're a real die-hard, huh..?
.....
I think so too.
Taking a jab at me, huh?
Survive!
This is Vanisher training!
Did... didn't Master just have faith in you?
Honestly, just accept your suspicions towards Gramps!
As expected of Master's foresight
Well, I can't create any fire because of what happened, so...
You can.
Meijirou can do it.
You're getting used to the sensation which releases your Astral through the use of that power, the Seal of Solomon aren't you?
"Sensation"... huh?

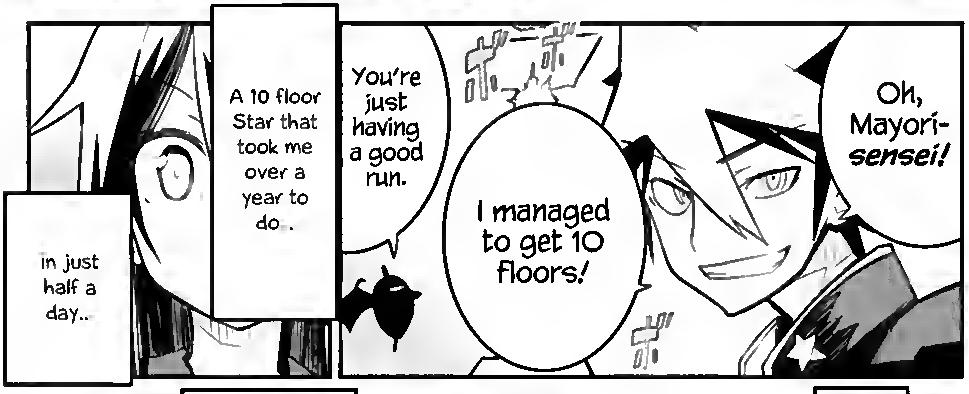
Kill it! The dojo's going to burn!
Au-augh...!



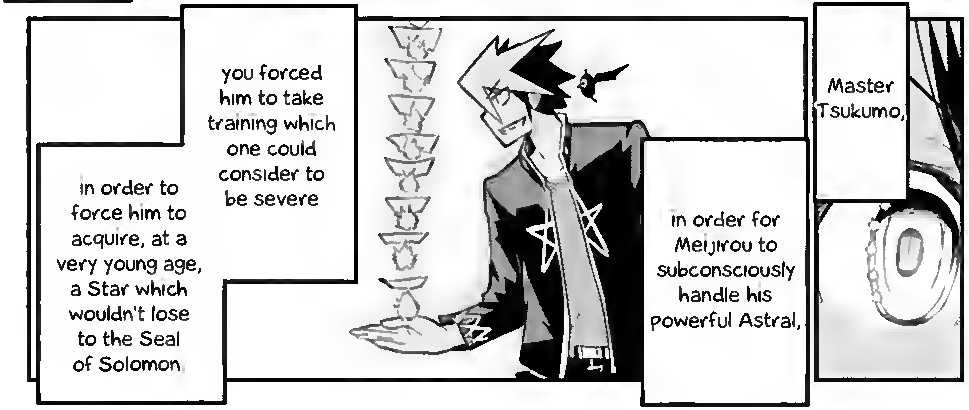
ざわ
Did you see that Astral just now!?
Wow...
Meijirou, practice outside!
ざわ



besides not getting burned, we didn't even feel any heat while we were closeby.
While he was exhibiting such a flame,
Yeah, probably.
He's going to have a tough time down the road...
for our sake.
Even though it was his first time, he instantly controlled the flame
Meijirou!
It's almost time-
Where are you stopping by?
Great going!



Oh, Mayori-sensei!
I managed to get 10 floors!
You're just having a good run.
A 10 floor Star that took me over a year to do.
In just half a day..



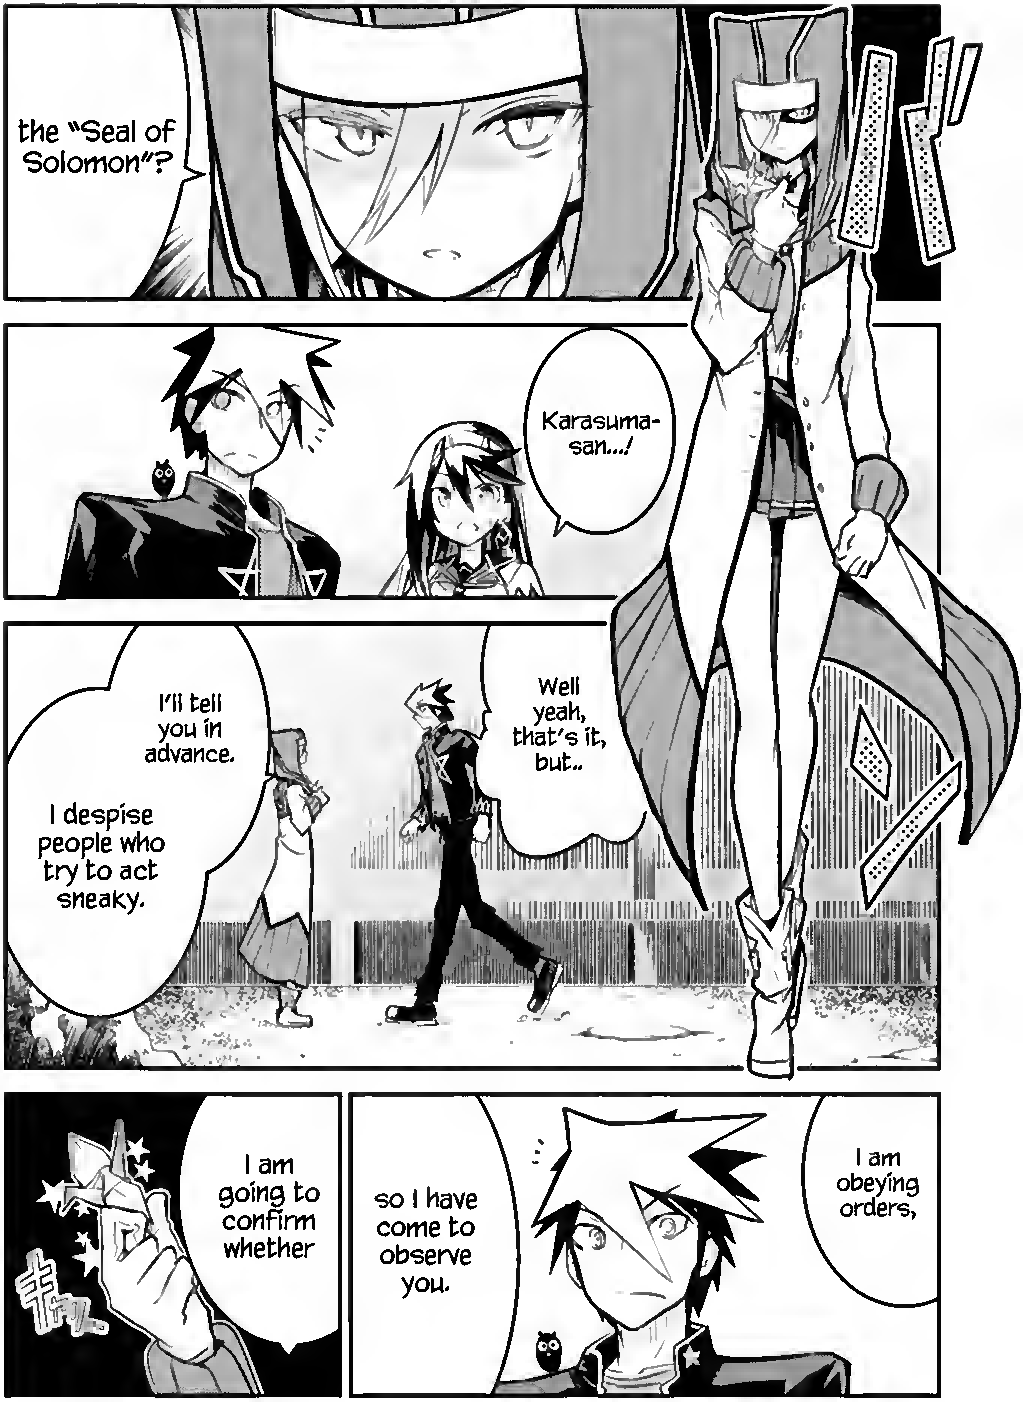
Master Tsukumo,
In order for Meijirou to subconsciously handle his powerful Astral,
you forced him to take training which one could consider to be severe
In order to force him to acquire, at a very young age, a Star which wouldn't lose to the Seal of Solomon

...
But...
キャ!!
Meijirou!
His abnormally high physical ability is because of that as well...
That's why he managed to barely survive up until now.
Well? I've already mastered this so-called "Star", right?
Tempering a "Star" means
ボ
ボ
ボ

this!
...How much...
did you waste ...!?
Even preserving the paper's hard enough as it is!
Getting a Star that's even capable of making origami out of fire is...

That takes 10 years, maybe!
.....!
Isn't that plagiarism!?
Master also says "Stars bear a heavy burden, as if you are traversing a hill road"...
Tokugawa Iesaya
© Iesaya
Let's train!
Wait, wait!
Well! Meijirou, you should temper your Star too so you won't lose to your Seal of Solomon!
I don't want to go down that road!!
"Plagia-"... It-It's a homage!
Is this power of yours
I'm gonna quickly rid myself of a power like this-

Idiom: "Life bears a heavy burden, as if you are traversing a long path." Idiomatically,"life is long and painful, so one should progress slowly with great effort and perseverance." Mayori twisted the words.



the "Seal of Solomon"?
Karasuma-san...!
Well yeah, that's it, but..
I'll tell you in advance.
I despise people who try to act sneaky.
I am obeying orders,
so I have come to observe you.
I am going to confirm whether

you are to die.
Yomikado Meijirou exists together with the "Seal of Solomon."
If it is true,

Ack, that instant reply—
Hm? Yeah...
Th-that's not true, is it!?
Bo... boy-friend!?
Since I don't train while flirting with a boyfriend, unlike you.

I apologize.
I was mistaken, wasn't I?
You're gonna observe me? Bring it on!
I hate taking things slow too.
Be ready, since the so-called man you're gonna kill
wants to live so badly, he'll die for it!
